34. **Cloverleaf Barrel Racing** –Jack Benny 55+

There will be a lunch break, as well as others as needed to set up courses.

## **Class Descriptions:**

**Feed Sack Race:** Exhibitor will place both legs into a feed sack and lead his/her horse to the finish line; first across without falling wins.

**Cracker Race:** Exhibitor must eat two crackers then whistle before leading his/her horse back to the finish line.

**Find Your Boot Race:** Exhibitor takes off LEFT boot/shoe (no sandals/flip-flops) and puts it in a pile at the end of the field. Then would line up with their horse and all start at once and run to the end of the field with their horse (horse on their right) to the person that is going to hold their horse so they can find their boot/shoe, put it on, then they take their horse from the person that is holding their horse and run to the finish line.

**Egg & Spoon:** Exhibitor to lead horse in one hand while in the other hand a plastic ball ("egg") is balanced in a spoon, following the pace and direction of the judge. As each "egg" is dropped, the exhibitor is eliminated.

**Jumpers:** Horse must be at least 3 years old. Exhibitors not permitted to go over jumps. To be shown over a course of four to six fences. Initial course is not timed, accumulated faults only. A jump-off is to occur for those ponies/horses with clean rounds. All other ties will be jumped off for concurrent place. For the timed jump-off, only two jumps of the original course shall be raised no less than one inch and no more than six inches. Fastest time and the fewest faults in the Jump-off round will be declared the winner. A jump off elimination will not eliminate the horse from final placings. Knockdowns will count as 4 faults, each refusal counts as 4 faults and third refusal is a disqualification. Crossing your own path (circling) is 3 faults.

**Musical Bags:** Equine version of musical chairs, with one less bag than number of exhibitors leading their horse. Exhibitors to lead horses around the outside of bags at the pace requested by judge while music is playing. When music stops, exhibitor is to step on nearest bag that is next to them or in front of them; not going backwards. Exhibitor not finding a bag is eliminated and then a bag is eliminated, and the process continues until all are eliminated.

**Pole Bending in hand:** Timed event with exhibitor leading horse, weaving thru poles (cone with ball on it), rounding at end pole, and either weaving back or coming straight back through starting line. Fall of horse or exhibitor will cause elimination. Penalties for knocking over pole (or ball off of cone).

**Cloverleaf in hand:** Timed event with exhibitor leading horse, rounding cone either to right or left that makes a circle, circling cone on opposite side, then circling furthest cone and coming straight back to starting line. Fall of horse or exhibitor will cause elimination.

*Show Manager retains the right to combine classes if deemed necessary*
